NGH Convention: Put Yourself in this Picture

dateline : April 25, 2008

It's an opportunity too good to miss. A professional photographer will be on site at the **2008 NGH Convention** to offer business portraits at reduced rates for convention attendees.

Having a professional photo is important... it can be a critical factor in your business success. Many of your prospective clients want to "see" who they will be dealing with before they schedule time with you.

When you have a great looking photo, that you feel good about using, you will find endless opportunities to place that photo on websites, in media releases, on business cards, ads, and many, many other places.

Ironically, if you don't have a professional portrait photo, you will also find yourself confronted by opportunities to use one, but they will be opportunities lost.

The NGH Convention is your solution. Never again will you be caught empty-handed when the situation calls for your professional business portrait. NH photographer, Gene Paltrineri, will be at this year's NGH Convention. Photo sessions will be on a first-scheduled basis on Sunday, August 10, between the hours of 9 AM and 3 PM.

You will have your choice of two photo packages: **Option 1** includes the best image (as selected by the photographer) on a CD with slight image retouching as needed, priced at \$50. **Option 2** includes two 5x7 prints, as well as your CD, at a price of \$65. And be sure to keep reading the NGH Blog in upcoming weeks, when we will share other secrets for getting that perfect photo.
